

Using Google Slides to present your Culminating Graduation Project (CGP)

Listed below are a series of quick YouTube videos that will teach you to develop a quality visual product to accompany your CGP Presentation. Each McGuffey student has free access to all of the features of the Google Suite including Google Slides. Students may also use other presentation formats such as PowerPoint or Prezi, but these software programs may require the creation of an account or payment for use. Google Slides is free to McGuffey students and has many of the same features.
